

Payment Processing Speed and Power – Anytime, Anywhere

Verifone®

The VX 680 wireless terminal from VeriFone® gives wireless credit and debit card processing touch-screen performance and style.

Whether you just need to clear crowded check-out lines or want to take payments outside your business's four walls, the VeriFone VX 680 gives you powerful wireless processing.

VX 680 Features and Benefits

- Powerful wireless connectivity – accept credit and debit card payments anywhere in just seconds
- Bright, 3.5-inch color screen with eye catching graphics – visible even in low light
- Easy-to-use touch-screen technology – as familiar to customers as their smart phones
- Long-lasting battery power – industry-leading performance means less recharging, more processing
- Portable, all-in-one design – no need for plug-in swipers or charging bases
- 3G wireless connectivity – reliable, go-anywhere transaction capabilities
- EMV® and contactless processing compatibility – be prepared for tomorrow's payment technologies

Plus ... Accept American Express® Card transactions at the same rate as other payment cards* –

American Express Cards can potentially bring in new business and help boost your bottom line. And it's all through TSYS®, with one statement and one point of contact!

For more information about using the VX 680 in your business, contact your merchant services representative today!
