

# Fast, Powerful Wireless *Payment Processing* – *Anytime, Anywhere*

**ingenico**  
Smart terminals

The iWL250 3G-GPRS wireless terminal from Ingenico® provides processing simplicity, speed and flexibility.

The Ingenico iWL250 3G-GPRS is compact, stylish and robust, with speed and power that let you take credit and debit card processing right to your customers – in the store, at the table or at the customer pick-up entrance.

## iWL250 3G-GPRS Features and Benefits

- EMV® and contactless card capability – facilitates acceptance of more types of payments as customers upgrade to new technology
- Powerful 3G wireless connectivity – process customer payments in seconds
- Bright, high-contrast color display – high visibility for customers and staff, plus screensaver capability for your messaging
- Compact, lightweight design – easy to carry, easy to use in tight spaces
- Built-in printer – provide customer receipts without additional equipment
- PCI PED 2.0 security standard – exceeds industry requirements for data security

**Plus ... Accept American Express® Card transactions at the same rate as other payment cards\* –**

American Express Cards can potentially bring in new business and help boost your bottom line. And it's all through TSYS®, all your processing information with one statement, one point of contact and one great price!

**For more information about using the iWL250 3G-GPRS in your business, contact your merchant services representative today!**
